Pursuant to the seniority section of the Collective Agreement, I am requesting full-time employment in the following city/town (you may check more than one location).

I understand that refusing any full-time position in the location(s) that I have indicated will result in my name being removed from the list of employees requesting full-time for a period of one year. After that time, I would have to re-apply for full-time employment.

Should I decide to change location(s) at which I am prepared to work, I will submit a new Request for Full-time Employment.
